

EUROPEAN ELEGANCE AT HOME

WHY THE RAINIER PINNACLE?

We all like to feel sheltered and, at the same time, enjoy the freedom that outdoor life offers us. The Rainier Pinnacle is designed to allow you to take advantage of the garden or terrace throughout the year, day and night, enjoying evenings that are full of unique moments. With these pergolas, you can extend and equip the new spaces of your homes or businesses. With a variety of integrated and add-on accessories you will create an outdoor space the entire family can enjoy, secure in the feeling of protection.

The Rainier Pinnacle will change your attitude about outdoor living. Imagine having control over the environment be it sun, wind, or rain. At the touch of a button, you can go from direct sunlight and full airflow to an enclosed setting protecting you from the elements...and everywhere in between. The Rainier Pinnacle is constructed of high strength aluminum and powder coated in a long lasting, durable finish. Your Pinnacle is built to last. The elegant European inspired lines of the Pinnacle will add class and style to any backyard, patio or business.

RAINIER PINNACLE

RETRACTABLE SHADING SYSTEMS

MAKE IT YOUR OWN

BESPOKE DESIGN

TO FIT YOUR NEEDS

The Rainier Pinnacle is a complete, custom engineered system specifically designed to address your unique needs. The Pinnacle can be full free standing or can attach to a structure to provide a weatherproof environment from your house to your new outdoor living room. Options for the Pinnacle include lights and retractable side screens, plus other add ons. Please check with your dealer.

Designed, engineered & manufactured for each installation, the Rainier Pinnacle is the ideal solution to add safe, outdoor living space to your home or commercial outdoor seating applications. Built to last with the highest quality materials and expertly installed by your independently owned dealer, the Rainier Pinnacle is a modern day pergola that will provide protection from the elements while providing the flexibility to meet your changing needs.

ENGINEERED FOR LONGEVITY & FUNCTIONALITY

The Rainier Pinnacle combines strength and beauty. Engineered to withstand over 60 mph winds in the widest unit widths and support snow loads up to 145 pounds per square foot. The compact and strong louvers can tilt 135 degrees allowing for natural convection cooling, adjustment for sun protection, or closed completely for rain protection.

LOUVER ADJUSTMENT OPTIONS:

VENTILATION:

Natural convection system.

SUN PROTECTION:

Full regulation of solar radiation.

RAIN PROTECTION:

Completely watertight roof.

ACCESSORY OPTIONS

With a variety of integrated and add-on accessories, you can create an outdoor space the entire family will enjoy - expanded comfort, day or night, rain or shine!

LIGHTING: The high quality LED lighting system, which is integrated into the slats and/or perimeter, creates a warm atmosphere that is luxurious, allowing you to take advantage of the pergola at any time of day.

SENSORS: The Rainier Pinnacle features three different sensor options as provided below:

RAIN SENSOR

WIND SENSOR

TEMPURATURE SENSOR
